

MaxiCut® Ultra™

89-5740

The MaxiCut® Ultra™ Sleeve extends cut protection providing secure forearm coverage with added contact heat protection for tasks that demand both reach and reliability.

Made with CUTtech® fibre technology, it delivers EN 388:2016 Cut Level C protection in a lightweight, flexible design that won't restrict movement. Whether reaching into machinery or handling sharp materials, this sleeve ensures you stay protected from wrist to elbow and beyond. Featuring a seamless construction and part of ATG®'s HandCare® programme, it is pre-washed, OEKO-TEX® certified, and dermatologically accredited for skin-safe, all-day comfort.

Cut Level C Protection

Built with CUTtech® fibres to deliver robust protection from sharp edges and metal parts ideal for metalwork, maintenance, and machinery tasks.

Dexterity and Flexibility

The light foam nitrile coating provides excellent flexibility and dexterity, enabling precise control during small-part handling.

Forearm Coverage

Protects beyond the wrist while allowing full arm mobility. Balanced length for a wide range of tasks without restricting movement.

Skin-Friendly & Pre-Washed

OEKO-TEX® certified, dermatologically accredited, and pre-washed for immediate skin-safe use. Part of the ATG® HandCare® programme for long-term wearer wellbeing.
